

HANABI CARD MARKERS

Give silent, persistent Hanabi clues by simply hanging these markers on the cards.

Use with card holders. Works best with holders that position the cards upright in a line. Holders that fan or tilt the cards do not work as well.

PRINTING

Artwork is sized so that it should print nicely on 2 sheets of letter/A4 or 1 sheet of tabloid/A3. Print the pages you need accordingly.

A light card stock works well.
